Mission Statement

Mission Statement

To empower our students with the essential personal and professional skills needed to be competent, confident and compassionate osteopathic physicians dedicated to meeting the healthcare challenges of the communities in which they serve.

Vision

The College of Osteopathic Medicine is recognized as a leader in osteopathic medical education through innovative, progressive curricular offerings.

Values

Instilling values that foster cultural awareness, ethical leadership, embraces diversity and inspires a servant's heart towards caring for the poor and needy.

Guiding Principles

We believe the work of the Noorda-COM centers on a set of guiding ideas or principles. These principles allow for multiple voices from our constituents in the decisions we make and yet remain grounded in our Mission, vision, values, and strategic plan. They should be the basis upon which we make curricular, pedagogical, and administrative decisions. We must never lose sight of learning as the core of these principles nor confuse profit for growth. The following principles guide the Noorda-COM:

1. People matter most and students will be at the center of all that we do.
2. Quality academic programs and excellence in teaching will be our priorities.
3. Strong moral character, ethical decision-making, and mutual respect will

be embedded in all that we do.

4. Diversity will be an essential element of the Noorda-COM experience.
5. Technology and innovation will be positioned to enhance learning and improve operational efficiency.
6. College resources will be applied to achieve high quality in our students, our faculty, and our programs.
7. Financial decisions will be driven by balancing increasing costs with measures to stabilize student debt.
8. Investments in people will be made in the form of fair compensation and individual growth opportunities.
9. A culture of service to the community will guide our relationships.
